INSPIRING WORLD WITH INNOVATIVE PRODUCT DESIGN

COMPANY PROFILE

Conex has been associated with quality and customer satisfaction since its very inception for over 3 decades and smartly lived up to the reputation of making reliable products that are designed in such a manner that offers best quality to customer and the best value for the money. Conex offers a wide range of products built for today's modern living in homes & offices. Customer first has been at the core of the company policy. It is due to this policy Conex has become a household name.

Our customers are not only the consumers but the brand ambassadors of our company. Their continued trust in us inspire and motivate us to become one of the best brands in our country.

"TRUST" is a small word that we take very seriously. Trust towards providing the best product with maximum value for money to the people.

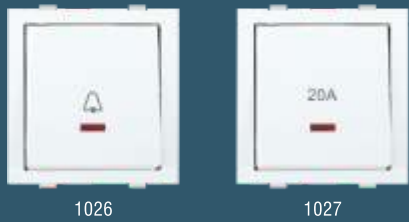

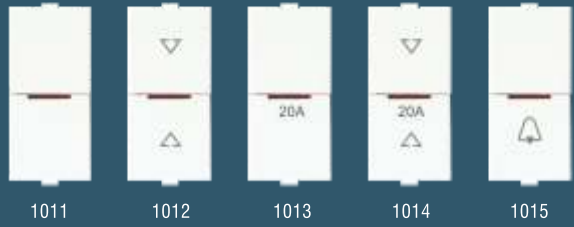

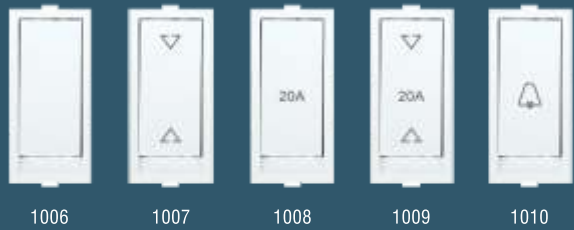

Some of the salient features of Conex products are:

- Superior finish and sleek design of the front plate which avoids dust accumulation.
- High grade polycarbonate material with highly gloss surface finish.
- Products are lab tested with stringent quality control measures.
- Highly electrolytic copper is used in the making of Switches, Sockets, MCB's and other Accessories.
- Attractive packaging and aesthetics

Graceful curves and geometric precision
timelessly embodied with style, Nexo series is a
tribute to the fine traditions of exquisite craftsmanship and precision.
